I wanna demo too . . .

- Let's use **Google Gemini** to make a hack real quick.
- If you're new or you have no idea what's happening here, don't worry.
- Go beyond a chat interface. Let AI create project files and run commands.

- As an example, let's make a **CodeRED Hackathon Strategist App**.

mlh.link/CodeRED-Demo

- **Generative AI** and coding tools are super powers for developers.
- LLMs will help you get started, debug, and build faster than you ever could have before.
- We're all here to learn - Get creative, and have fun!

- **Any questions ?** Come find us at the MLH table.
